I give out papers to people during the invasion of the nazis. I tell people when the nazis are planning to do something to the Jews. I am also part of the resistance. it is a group of people that are trying to stop the nazis.

Wow, it must be hard even with the war.

The soldiers linger at every single street. you can't catch a break from them.

I know its very hard to help everyone that might need help from the nazis. but me and the resistance are trying our best to help them all.
